## Community Living

Our Community Living services, which are available across Melbourne, provide valuable assistance within your own home to help you maintain your lifestyle and independence. If there's a hobby or activity you're passionate about, we can help keep that passion alive. Tell us what support you're looking for and we'll work with you to develop a customised program.

Should the time come when you need additional care, we would be pleased to welcome you to our St Vincent's Care Services Hawthorn residential living community (subject to availability and care requirements).

## Our history

As the aged care division of St Vincent's Health Australia, St Vincent's Care Services shares a history of compassionate care and support through our founders, the Sisters of Charity. Since Mary Aikenhead founded the Sisters of Charity in 1815, their institutions have cared for the sick and poor and welcomed all creeds. It is the legacy entrusted to us by the Sisters of Charity that inspires us to continually strengthen and grow our mission and serve those who entrust us with their care.

Mary MacKillop Aged Care has a history that spans more than half a century. Since the facility transitioned to St Vincent's Care Services in 2018, we have been committed to remembering the rich history of the site, and continuing a dedicated legacy of care. The legacy of Saint Mary MacKillop and the Sisters of St Joseph continues to be revered and recognised.
