Retirement Villages Act 1999 (Section 74)

This form is effective from 1 February 2019

ABN: 86 504 771 740

Name of village: Bardon Village, by St Vincent's Care

Important information for the prospective resident

- The Village Comparison Document gives general information about the retirement village accommodation, facilities and services, including the general costs of moving into, living in and leaving the retirement village. This makes it easier for you to compare retirement villages.
- The *Retirement Villages Act 1999* requires a retirement village scheme operator to:
 - provide a copy of the Village Comparison Document to a prospective resident of the retirement village within seven days of receiving a request
 - include a copy of the Village Comparison Document with any promotional material given to a person, other than through a general distribution (e.g. mail-out)
 - publish the Village Comparison Document on the village's website so that the document, or a link to it appears prominently on each page of the website that contains, or has a link to, marketing material for the village
- You can access a copy of this Village Comparison Document on the village website at www.svcs.org.au
- All amounts in this document are GST-inclusive, unless stated otherwise where that is permitted by law.

Notice for prospective residents

Before you decide whether to live in a retirement village, you should:

- Seek independent legal advice about the retirement village contract – there are different types of contracts and they can be complex
- Find out the financial commitments involved – in particular, you should understand and consider ingoing costs, ongoing fees and charges (which can increase) and how much it will cost you when you leave the village permanently
- Consider any impacts to any pensions, rate subsidies and rebates you currently receive
- Consider what questions to ask the village manager before signing a contract
- Consider whether retirement village living provides the lifestyle that is right for you. Moving into a retirement village is very different to moving into a new house. It involves buying into a village with communal facilities where usually some of the costs of this lifestyle are deferred until you leave the village. These deferred costs when you leave your unit may be significant.
- Seek further information and advice to help with making a decision that is right for you. Some useful contacts are listed at the end of this document, including:
 - Queensland Retirement Village and Park Advice Service (QRVPAS) which provides free information and legal assistance for residents and prospective residents of retirement village. See www.caxton.org.au or phone 07 3214 6333.
 - The Queensland Law Society which can provide a list of lawyers who practice retirement village law. See www.qls.com.au or phone: 1300 367 757.

More information

- If you decide to move into a retirement village, the operator will provide you with a Prospective Costs Document for your selected unit, a residence contract and other legal documents.
- By law, you must have a copy of the Village Comparison Document, the Prospective Costs Document, the village by-laws, your residence contract and all attachments to your residence contract for at least 21 days before you and the operator enter into the residence contract. This is to give you time to read these documents carefully and seek professional advice about your legal and financial interests. You have the right to waive the 21-day period if you get legal advice from a Queensland lawyer about your contract.

The information in this Village Comparison Document is correct as at 31 July 2026 and applies to prospective residents.

Some of the information in this document may not apply to existing residence contracts.

- ☒ Other

Under the exit fee options currently offered to new residents, some models require the payment of an exit fee and others do not. The exit fee (if any) is calculated in accordance with the tables below.

Classic Model

Your exit fee is calculated depending on the period from the date of your residence contract until the day you cease to reside in the unit or, if your relative (within the meaning of the *Retirement Villages Act 1999* (Q)) resides in the unit under section 70B (2) of that Act, the sooner of the day your relative vacates the unit or the day that is three months after your right to reside under the residence contract is terminated.

For simplicity, this document and any Prospective Costs Document given to you assume that this period for calculating your exit fee commences on your date of occupation of the unit and ceases when you cease to reside in the unit. However, this is subject to the terms of your residence contract and the *Retirement Villages Act 1999* (Q).

Ingoing Contribution	Exit Fee as a percentage of Ingoing Contribution paid						
	Exit after 1st year	Exit after 2nd year	Exit after 3rd year	Exit after 4th year	Exit after 5th year	Exit after 6th year	Exit after 7th year
Classic Model	8%	16%	23%	29%	32%	35%	35%

Note: If the period of occupation is not a whole number of years, the exit fee will be worked out on a daily basis.

The maximum (or capped) exit fee is 35% of the ingoing contribution after 7 years of residence.

The minimum exit fee is 1 day/365 days (1 day/366 days in a leap year) of 8% of your ingoing contribution, if the period of occupation is 1 day.

Freedom 10%, and Freedom 20% Models

Your exit fee is calculated depending on the period from the date of your residence contract until the day you cease to reside in the unit or, if your relative (within the meaning of the *Retirement Villages Act 1999* (Qld)) resides in the unit under section 70B(2) of that Act, the sooner of the day your relative vacates the unit or the day that is three months after your right to reside under the residence contract is terminated.

For simplicity, this document and any Prospective Costs Document given to you assume that this period for calculating your exit fee commences on your date of occupation of the unit and ceases when you cease to reside in the unit. However, this is subject to the terms of your residence contract and the *Retirement Villages Act 1999* (Qld).

Advertised price for the unit	Exit Fee as a percentage of the advertised price for the unit						
	Exit after 1st year	Exit after 2nd year	Exit after 3rd year	Exit after 4th year	Exit after 5th year	Exit after 6th year	Exit after 7th year
Freedom 10% Model	18%	26%	33%	39%	42%	45%	45%
Freedom 20% Model	28%	36%	43%	49%	52%	55%	55%

Note: If the period of occupation is not a whole number of years, the exit fee will be worked out on a daily basis.

The maximum (or capped) exit fee is:

- (a) **Freedom 10% Model:** 45% of the advertised price for the unit after 7 years of residence
- (b) **Freedom 20% Model:** 55% of the advertised price for the unit after 7 years of residence

The minimum exit fee is 1 day/365 days (1 day/366 days in a leap year) of:

- (a) **Freedom 10% Model:** 18%
- (b) **Freedom 20% Model:** 28%

of the advertised price for the unit, if the period of occupation is 1 day.

Prepaid Model

You are not required to pay an Exit Fee on termination. The fee payable by you is incorporated in the amount of your ingoing contribution, which is payable upfront and includes a non-refundable component.

If all residents permanently vacate within the first year of living in the unit, we will refund 50% of the non-refundable component in accordance with the terms of the residence contract.

11.2 What other exit costs do residents

- ☐ Sale costs for the unit

need to pay or contribute to?	☐ Other costs
Part 12 – Reinstatement and renovation of the unit	
12.1 Is the resident responsible for reinstatement of the unit when they leave the unit?	☒ Yes ☐ No <i>Reinstatement work means replacements or repairs that are reasonably necessary to return the unit to the same condition it was in when the resident started occupation, apart from:</i> • <i>fair wear and tear; and</i> • <i>renovations and other changes to the condition of the unit carried out with agreement of the resident and operator.</i> <i>Fair wear and tear includes a reasonable amount of wear and tear associated with the use of items commonly used in a retirement village. However, a resident is responsible for the cost of replacing a capital item of the retirement village if the resident deliberately damages the item or causes accelerated wear.</i> Entry and exit inspections and reports are undertaken by the operator and resident to assess the condition of the unit.
12.2 Is the resident responsible for renovation of the unit when they leave the unit?	☒ No <i>Renovation means replacements or repairs other than reinstatement work.</i> By law, the operator is responsible for the cost of any renovation work on a former resident's unit, unless the residence contract provides for the resident to share in the capital gain on the sale of the resident's interest in the unit. Renovation costs are shared between the former resident and operator in the same proportion as any capital gain is to be shared under the residence contract.

An exit entitlement is the amount the operator may be required to pay the former resident under a residence contract after the right to reside is terminated and the former resident has left the unit.

14.1 How is the exit entitlement which the operator will pay the resident worked out?

How the exit entitlement is worked out depends on the financial model.

Classic Model

The exit entitlement is equal to your ingoing contribution:

- Less the exit fee (see item 11.1)
- Less the cost (if any) of reinstatement work
- Less any accrued or outstanding General Services Charges, Personal Services Charges and Maintenance Reserve Fund Contributions
- Less any Administration costs incurred by the Village Operator in relation to the termination of the residence contract
