

HOLY SPIRIT VILLAGE
BY ST VINCENT'S CARE

WHY DO PEOPLE CHOOSE ST VINCENT'S CARE RETIREMENT LIVING?

Quite simply because we celebrate you

Celebrating an easy life

At St Vincent's retirement villages we celebrate an easy life. A life where you get to enjoy all of the amenities with none of the responsibilities!

Managing bills, maintenance, and security. Gone. Replaced with more time to live!

Our residents love what they can do with their new found freedoms. Not only do they get to live in the areas they love, and spend time with friends and family that live near by, but they can explore new horizons.

Take up new hobbies, or rekindle the love of old ones; go on holiday with no worries of finding someone to look after their home; or just sit back in a their little slice of heaven with a coffee (or wine) and a book.

Celebrating community

At St Vincent's we celebrate our exceptional retirement communities. People aren't just friendly, they are friends.

While you'll have more free time it doesn't mean you'll be lost for things to do. Our villages have residents who are always looking to make new friendships and connect. Want something a little bit more personal? You can also just as easily catchup for coffee in the lovely common areas and gardens.

With a wide range of communities St Vincent's will be able to find a match for the lifestyle you want to live.

Celebrating Heritage

As a faith based, Catholic organisation, we treat everyone with dignity and respect. We pride ourselves on being welcoming and inclusive of all – regardless of faith, race or social economic standing.

It is because of our mission to express Gods love to all – that we make a commitment to serve – with compassion, integrity, justice and excellence.

“Looking back, it’s the best decision we ever made”
